Founded in 1986 the band wanted to bring something special into metal! After a lot of hard work in the

practice room they came out with their first demo in 1992. At this time they started to become local heros, because of their musical and technical skills. DREAMSCAPE, Germany's progressive metal highlight from Munich can be seen on stage and in festivals since 1994. Some of the festivals the band appeared are a.o. the Prog-Power-USA festival Atlanta were DREAMSCAPE were invited twice in a row 2004 and 2005, Prog-Power-Europe (2006) and Prog-Power-UK (2007). More festivals and touring in Europe and the US are already booked. DREAMSCAPE released five studio albums and proudly present the re-release with re-recordings of the first two albums and a totally new song from the upcoming album in autumn 2008. After a big line up change the door were open to tour a lot more . In 2007 they were on an european tour with SIEGES EVEN. And they are confirmed on the european tour with SYMPHONY X in 2008. Everybody that is into Dreamtheater, VandenPlas, Symphony X has to enter the DREAMSCAPE universe! The band presents the listener perfectly arranged and catchy music combined with instrumental virtuosity and a good potion of heaviness! A must-heavy for all supporters of top-notch metal!
